

EARLY EDUCATION FAMILY WORKSHOP

Join us for our family presentation for families who have Deaf or Hard of Hearing children, from birth to age 3, and the professionals who work in Early Education.

Tuesday, June 4, 2024

6:00-7:30 PM

ZOOM PLATFORM

(REGISTER TO RSVP)

TOPIC:

“How Deaf Kids Learn to Navigate the Hearing World”

Katie Cue is a product of Colorado (born and raised) as well as some of the earliest days of the EHDI system in the state. After Katie was identified as being deaf, her parents received services from the earlier iteration of the Colorado Home Intervention Program (CHIP) beginning in early 1982.

Katie also ended up working for CHIP for a few years as an ASL Facilitator while attending the University of Colorado at Boulder for an undergraduate degree in English Literature. Working with COEHDI feels like a full circle in many ways for Katie!
