# 2020-2021 Brailler, Technology, and Software Order Form:

#### **TERMS & CONDITIONS**

The CIMC and the Colorado Department of Education (CDE) are the owners of the braillers, technology, and software being requested from your Administrative Unit (AU), Colorado school district, or B.O.C.E.S.

The CIMC/CDE is loaning this property, at no cost to the school district/BOCES, on the condition that it is returned in good working order.

Should a device or any of its components/accessories become damaged, lost, or stolen, the district agrees to be financially responsible for the cost of repair or replacement. Please contact the CIMC immediately at (719) 578-2196 to notify a CIMC staff person to begin the process of repair/replacement.

## **Some additional information:**

**Braillers**: A district may check out one brailler per student. The student must be registered with the CIMC. The student does not have to be included in the Federal Quota census to benefit from this service of the CIMC. If the student withdraws from a district, the district must promptly return the brailler in the original box to the CIMC. Under no circumstance should the student or the student's family transport the brailler to their new school district. The brailler is the property of the CDE/CIMC and is for use in the school environment only. The brailler should not be sent to a student's home setting.

**Software**: If the software is being purchased by the CIMC from the American Printing House for the Blind (APH) with the CDE's federal quota account funds, the student must meet all eligibility requirements of the federal quota census. In addition, all required paperwork must be up to date with the district and the CIMC before an order can be processed.

**Technology**: If the technology is being purchased by the CIMC from the American Printing House for the Blind (APH) with the CDE's federal quota account funds, the student must meet all eligibility requirements of the federal quota census. In addition, all required paperwork must be up to date with the district and the CIMC before an order can be processed.
