Park in  
the  
Visitors'  
Lot

Bring your  
CO ID to the  
Administration  
Building

Swing by  
and  
check it out!

## **PRODUCT CONTENT**

Cadence uses state-of-the-art braille dot actuators, designed from the ground up to maximize comfort and clarity. The dots can refresh as fast as three times a second and are compact enough to enable text with regulation braille spacing, tactile graphics and even animated content.
